

FertiClear®

Liquid Calcium 12%

Guaranteed Analysis

Calcium (Ca).....12.00%

Derived from: Calcium Chloride

Specific Gravity: 1.367 g/mL
Density: 11.50 lbs/gal @ 68° F
pH: 3.5 - 4.5

GENERAL INFORMATION

Avoid mixing with carbonate, phosphorus or sulfur containing materials, as precipitation may occur.
Tanks: Store in polyolefin or polyethylene storage tanks. Do not store for long periods in mild steel tanks/containers. If fiberglass is used, consult manufacturer for compatibility. Although stainless steel tanks are less prone to corrosion than mild steel tanks, they are not recommended for extended storage.
Fitting and valves: PVC or polypropylene fittings and valves recommended. Do not use nylon fittings and valves.

RECOMMENDED APPLICATION RATES

For soil amendment: Apply 25 gallons per acre of FertiClear Liquid Calcium 12% for every ton of gypsum recommended on the soil analysis report.
Apply 10 to 15 gallons of FertiClear Liquid Calcium 12% through the irrigation water beginning in early spring or as needed to prevent excessive run-off or excess standing water. May be repeated as necessary to maintain good water penetration and to prevent buildup of harmful sodium salts. Typical rates per season are in the 25 to 50 gallons per acre depending on soil conditions.

For calcium fertilization and nitrogen efficiency: Mix FertiClear Liquid Calcium 12% with nitrogen solutions (such as UN 32, or Urea solution) at a ratio of 3 parts nitrogen to 1 part of calcium. Apply at standard application timings for side dress or later season water run applications

WARNING

KEEP OUT OF REACH OF CHILDREN
EPA National Response Center: (800) 424-8802
Harmful if swallowed. Avoid breathing spray mist. May cause irritation of nose, throat, and/or skin. Avoid contact with eyes, skin and clothing.

If swallowed: If the person is conscious, have the person drink water or milk. Never give anything by mouth to an unconscious person. Get medical attention if necessary.

If in eyes: Wash eyes with plenty of clear water for at least 15 minutes. Get medical attention.

DO NOT MIX WITH CARBONATE, PHOSPHORUS OR SULFUR CONTAINING SOLUTIONS

CONDITIONS OF SALE AND WARRANTY

Mar Vista Resources (Seller) warrants that the chemical composition of this product conforms to the chemical description given on this label. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. No one is authorized to make any other warranty, guarantee or directions concerning this product, and no such warranties, guarantees or directions shall be valid or binding upon Seller. Timing, rate and method of application, weather and crop conditions, mixtures with chemicals not specifically recommended on this label or an accompanying written recommendation, are beyond the control of Seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. In no case shall Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by Seller and is accepted as such by the buyer. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at buyer's option, as full discharge of Seller's liability.
