GENERAL INFORMATION

FertiClear® K-Time is a low salt index potassium product. It can be used with other Mar Vista liquid fertilizers. Excellent for foliar, and all types of fertigation. FertiClear® K-Time can be applied broadcast or banded, top-dress, side-dress, or fertigation.

DIRECTIONS FOR USE

All rates should vary based on the severity of soil and plant tissue deficiency and degree of weather extremes.

Inject FertiClear® K-Time solution into the irrigation lines after filters. Thoroughly clean irrigation lines and system after injection of FertiClear® K-Time solution by flushing irrigation lines and system with clean water prior to turning off pumps.

FOLIAR APPLICATION

FertiClear® K-Time may be applied by air or ground spray. Use the appropriate volume of water for application method and the crop. Apply in a water volume for thorough covering of plant foliage, 10 gallons of water per acre minimum.

Trees and Vines: Apply 2-8 quarts per acre.

Vegetable Crops: Apply 2-8 quarts per acre.

Field and Row Crops: Apply 2-8 quarts per acre.

SOIL APPLICATION

FertiClear® K-Time may be applied pre-plant, as a starter, side dress, fertigated, top dressed, or banded to the soil. Dilute with water if needed to ensure uniform distribution.

Trees and Vines: 2-15 gallons per acre per application based on crop requirements.

Vegetable and Row Crops: Apply 2-15 gallons per acre per application based on crop requirements.

FERTIGATION APPLICATION RATES

Flood and Furrow Application (Trees and Vines): Apply 2 to 15 gallons per acre per application beginning at full leaf, schedule as needed.

Vegetables and Row Crops: Apply 3-10 gallons per acre per application, schedule second application based on crop requirements.

SPRINKLER AND DRIP IRRIGATION RATES

Trees and Vines: Apply 2 to 15 gallons per acre every 10 to 14 days based on crop requirements. Inject after irrigation filter. After fertilizer injection, allow enough irrigation time to flush the lines thoroughly of any residual fertilizer.

Vegetables and Row Crops: Apply 3-15 gallons per acre per application based on crop requirements.

SHAKE WELL BEFORE USE. DO NOT STORE BELOW 40°F (5°C)

COMPATIBILITY

Use in accordance with recommendations of qualified individual or institution such as, but not limited to, a certain crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan. When tank mixing other products, "Jar Test" proportionally mixed components to confirm compatibility. When blending with other products, trial blends should be conducted before beginning large scale mixing. When blending with other pesticides and fertilizers, the sequence should be as follow: water, pesticide, fertilizer, micro-nutrients.

WARNING: This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

CONDITIONS OF SALE AND WARRANTY

Mar Vista Resources (Seller) warrants that the chemical composition of this product conforms to the chemical description given on this label. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. No one is authorized to make any other warranty, guarantee or directions concerning this product, and no such warranties, guarantees or directions shall be valid or binding upon Seller. Timing, rate and method of application, weather and crop conditions, mixtures with chemicals not specifically recommended on this label or an accompanying written recommendation, are beyond the control of Seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. In no case shall Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by Seller and is accepted as such by the buyer. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at buyer's option, as full discharge of Seller's liability.
