

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 10/02/2019 Version: 1.0

SECTION 1: Identification	
1.1. Identification	
Product form	: Mixture
Product name	: FoliMar 3-0-8
.2. Recommended use and restriction	s on use
lo additional information available	
I.3. Supplier	
Manufacturer MarVista Resources	
745 North Ave.	
P.O. Box 218	
Corcoran, Ca. 93212 - USA	
559-992-4535	
I.4. Emergency telephone number	
Emergency number	: 24 Hour Emergency Response Chemtrec: 1-800-262-8200
SECTION 2: Hazard(s) identification	
2.1. Classification of the substance or i	nixture
GHS-US classification	
Reproductive toxicity H360 Category 1A	May damage fertility or the unborn child
ull text of H statements : see section 16	
2.2. GHS Label elements, including pre	cautionary statements
SHS-US labeling	
Signal word (GHS-US)	: Danger
lazard statements (GHS-US)	: H360 - May damage fertility or the unborn child
Precautionary statements (GHS-US)	: P201 - Obtain special instructions before use
	P202 - Do not handle until all safety precautions have been read and understood P280 - Wear eye protection, protective clothing, protective gloves
	P308+P313 - If exposed or concerned: Get medical advice/attention
	P405 - Store locked up P501 - Dispose of contents/container to comply with local, state, and federal regulations
.3. Other hazards which do not result lo additional information available	In classification
.4. Unknown acute toxicity (GHS US)	
lot applicable	
SECTION 3: Composition/Information	on ingredients
.1. Substances	
Not applicable	
3.2. Mixtures	
Not applicable	

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Full text of hazard classes and H-statements : see section 16

1. Description of first aid measures rst aid measures general : IF exposed or concerned: Get medical advice/attention. Call a poison center/doctor/physician if you feel unwell. rst aid measures after inholation : Remove person to fresh air and keep confortable for breathing. rst aid measures after sinc onted: : Wesh sink with plenty of water. rst aid measures after inposition : Call a poison center/doctor/physician if you feel unwell. Immediately consult a doctor/medical service. 2. Most imposition inputs of the sink of the plenty of water. rst aid measures after inposition : Rinse eyes with water as a precaution. rst aid measures after inposition : Rinse eyes with water as a precaution. rst aid measures after inposition : May cause slight initiation. ymptomsinjuries after sinhalation : Boy cause slight initiation. ymptomsinjuries after sinhalation and special treatment, if necessary : Suitable medical attention and special treatment, if necessary reatinguishing media : Water spray. Dry powder. Feam. Carbon dioxide. : Specific hazards arising from the chemical o adultional information available protective equipment. Self-contained breathing. reatinguishing media : Do not attempt to take action without suitable protective equipment. Self-contained breathing. reatinguishing media :	Full text of hazard classes and H-statements : s	see section 16
rst-aid measures general : IF exposed or concerned: Gen medical advice/attention, Call apoison center/doctor/physician if you feel unvell. Carl medical advice/attention if you feel unvell. Carl apoison center/doctor/physician if you	SECTION 4: First-aid measures	
you feel unwell. Cet medical advice/attention if you feel unwell. rst-aid measures after shin tandits in the state of the shart and keep confrontable for breathing. rst-aid measures after skin contact : Wash skin with plenty of water. rst-aid measures after system : Calita poison center/dotor/physician if you feel unwell. Immediately consult a dotor/medical service. 2. Most important symptoms and effects (acuic and dolayod) ymptoms/injuries after inhalation : May cause slight inflation. ymptoms/injuries after inhalation and apocial treatment, if necessary easi symptomalically. ECTION 5: Fire-fighting measures 1. Soltable (and unsultable) oxingubbling media utable extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide. 2. Specific hazards arising from the chemical 3. Specific hazar	4.1. Description of first aid measures	
rst-aid measures after skin contact : Wash skin with plenty of water. rst-aid measures after ges contact : Rinse eyes with water as a precaution. rst-aid measures after ignestion : Call a poison center/doctor/hysician if you feel unwell. Immediately consult a doctor/medical service. 2. Most Important symptoms and defect (acute and delayed) ymptoms/injuries after skin contact : Contact during a long period may cause light irritation. ymptoms/injuries after eye contact : May cause sught irritation. ymptoms/injuries after eye contact : May cause gastrointestinal disconfort. 3. Immediate medical attention and special treatment, if necessary eat symptomalcally. ECTION 51: Fire-fighting measures ECTION 51: Fire-fighting measures at symptomalcally. ECTION 51: Fire-fighting measures at symptomalcally. ECTION 51: Fire-fighting measures 3. Special protective equipment and precautions for fire-fighters rotection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective equipment and precautions for fire-fighters rotection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective equipment may intervene. 1.1. For one-mergency procedures : Only qualified personnel equipped with suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". 2. Environmental precautions for cleaning up : Take up liquid split into absorbent material. Notify authorities if product enters severs or public waters. 3. Method: and material for containment and cleaning up ethods for cleaning up : Take up liquid split into absorbent material. Notify authorities if product enters severs or public waters. 4. Reference to other sections ther information refer to section 8: Exposure controls/personal protection". ECTION 7: Handling and storage 1. Precautions for safe handling recautions for safe handling : Ensure good ventilation of the work station. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear personal protective equipment. ygiene measures : Separate working clothes from town clothes. Launder separately. Do not eat, drink or smoke when using this product. Always wash hands after handling the product. 2. Conditions for safe storage, including any incompatibilities	.4. Reference to other sections	
1. Precautions for safe handling recautions for safe handling : Ensure good ventilation of the work station. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear personal protective equipment. : Separate working clothes from town clothes. Launder separately. Do not eat, drink or smoke when using this product. Always wash hands after handling the product. 2. Conditions for safe storage, including any incompatibilities	or further information refer to section 8 : Expos	sure-controls/personal protection"".
 Ensure good ventilation of the work station. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear personal protective equipment. 	lygiene measures	
torage conditions : Store locked up. Store in a well-ventilated place. Keep cool.	7.2. Conditions for safe storage, includ	ling any incompatibilities
	Storage conditions	: Store locked up. Store in a well-ventilated place. Keep cool.

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

3.1. Control parameters	
XFO (10% FG Kosher)	
Not applicable	
8.2. Appropriate engineering controls	
Appropriate engineering controls	: Ensure good ventilation of the work station.
Environmental exposure controls	: Avoid release to the environment.
3.3. Individual protection measures/Pe	rsonal protective equipment
Hand protection:	
Protective gloves	
Eye protection:	
Safety glasses	
Skin and body protection:	
Wear suitable protective clothing	
Respiratory protection:	
Wear respiratory protection	
SECTION 9: Physical and chemical	properties
9.1. Information on basic physical and	chemical properties
Physical state	: Liquid
	: No data available
	: No data available
Odor threshold	: No data available
H	: 7 - 8
Melting point	: Not applicable
Franzing point	
	: No data available
Boiling point	: No data available
Boiling point Flash point	: No data available : No data available
Freezing point Boiling point Flash point Relative evaporation rate (butyl acetate=1)	 No data available No data available No data available
Boiling point Flash point Relative evaporation rate (butyl acetate=1) Flammability (solid, gas)	 No data available No data available No data available No data available Not applicable.
Boiling point Flash point Relative evaporation rate (butyl acetate=1) Flammability (solid, gas) Vapor pressure	 No data available No data available No data available Not applicable. No data available
Boiling point Flash point Relative evaporation rate (butyl acetate=1) Flammability (solid, gas) Vapor pressure Relative vapor density at 20 °C	 No data available No data available No data available Not applicable. No data available No data available No data available
Boiling point Flash point Relative evaporation rate (butyl acetate=1) Flammability (solid, gas) Vapor pressure Relative vapor density at 20 °C Relative density	 No data available No data available No data available Not applicable. No data available
Boiling point Flash point Relative evaporation rate (butyl acetate=1) Flammability (solid, gas) Vapor pressure Relative vapor density at 20 °C Relative density Specific gravity / density	 No data available No data available No data available Not applicable. No data available No data available No data available 1.14 g/ml
Boiling point Flash point Relative evaporation rate (butyl acetate=1) Flammability (solid, gas) Vapor pressure Relative vapor density at 20 °C Relative density Specific gravity / density	 No data available No data available No data available Not applicable. No data available
Boiling point Flash point Relative evaporation rate (butyl acetate=1) Flammability (solid, gas) Vapor pressure Relative vapor density at 20 °C Relative density Specific gravity / density Solubility	 No data available No data available No data available Not applicable. No data available No data available No data available 1.14 g/ml
Boiling point Flash point Relative evaporation rate (butyl acetate=1) Flammability (solid, gas) /apor pressure Relative vapor density at 20 °C Relative density Specific gravity / density Solubility Log Pow Auto-ignition temperature	 No data available No data available No data available Not applicable. No data available
Boiling point Flash point Relative evaporation rate (butyl acetate=1) Flammability (solid, gas) /apor pressure Relative vapor density at 20 °C Relative density Specific gravity / density Solubility Log Pow Auto-ignition temperature Decomposition temperature	 No data available No data available No data available Not applicable. No data available
Boiling point Flash point Relative evaporation rate (butyl acetate=1) Flammability (solid, gas) /apor pressure Relative vapor density at 20 °C Relative density Specific gravity / density Solubility Log Pow Auto-ignition temperature Decomposition temperature	 No data available No data available No data available Not applicable. No data available No data available No data available 1.14 g/ml No data available
Boiling point Flash point Relative evaporation rate (butyl acetate=1) Flammability (solid, gas) Vapor pressure Relative vapor density at 20 °C Relative density Specific gravity / density Solubility Log Pow Auto-ignition temperature Decomposition temperature Viscosity, kinematic Viscosity, dynamic	 No data available 1.14 g/ml No data available
Boiling point Flash point Relative evaporation rate (butyl acetate=1) Flammability (solid, gas) Vapor pressure Relative vapor density at 20 °C	 No data available 1.14 g/ml No data available
Boiling point Flash point Relative evaporation rate (butyl acetate=1) Flammability (solid, gas) Vapor pressure Relative vapor density at 20 °C Relative density Specific gravity / density Solubility Log Pow Auto-ignition temperature Decomposition temperature Viscosity, kinematic Viscosity, dynamic	 No data available 1.14 g/ml No data available

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 10: Stability and reactivity				
10.1. Reactivity				
The product is non-reactive under normal conditions of use, storage and transport.				
10.2. Chemical stability				
Stable under normal conditions.				
10.3. Possibility of hazardous reactions				
No dangerous reactions known under normal conditions of use.				
10.4. Conditions to avoid				
None under recommended storage and handling	conditions (see section 7).			
10.5. Incompatible materials				
No additional information available				
10.6. Hazardous decomposition products				
No additional information available				
SECTION 11: Toxicological informati	on			
11.1. Information on toxicological effects				
Acute toxicity (oral)	: Not classified			
Acute toxicity (dermal)	: Not classified			
Acute toxicity (inhalation)	: Not classified			
Skin corrosion/irritation	: Not classified			
	pH: 7 - 8			
Serious eye damage/irritation	Not classified			
	pH: 7 - 8			
Respiratory or skin sensitization	: Not classified			
Germ cell mutagenicity	: Not classified			
Carcinogenicity	: Not classified			
Reproductive toxicity	: May damage fertility or the unborn child.			
Specific target organ toxicity – single exposure	: Not classified			
Specific target organ toxicity – repeated	: Not classified			
exposure				
Aspiration hazard	: Not classified			
Viscosity, kinematic	: No data available			
•				
Symptoms/injuries after inhalation	: May cause slight irritation.			
Symptoms/injuries after skin contact	 Contact during a long period may cause light irritation. May cause slight irritation. 			
Symptoms/injuries after eye contact Symptoms/injuries after ingestion	: May cause signification. : May cause gastrointestinal discomfort.			
Cympionionigunes and ingestion	. May babbe gast office that discornion.			

SECTION 12: Ecological information 12.1. Toxicity Ecology - general : The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment. 12.2. Persistence and degradability

No additional information available

12.3. Bioaccumulative potential

No additional information available

12.4. Mobility in soil

No additional information available

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

12.5. Other adverse effects

No additional information available

SECTION 13: Disposal considerations

13.1. Disposal methods

No additional information available

SECTION 14: Transport information

Department of Transportation (DOT)

In accordance with DOT

Not applicable

TDG

Not applicable

Transport by sea

Not applicable

Air transport

Not applicable

SECTION 15: Regulatory information

15.1. US Federal regulations

No additional information available

15.2. International regulations

CANADA No additional information available

EU-Regulations No additional information available

National regulations No additional information available

15.3. US State regulations

SECTION 16: Other information

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Full text of H-phrases:		
H360	May damage fertility or the unborn child	
NFPA health hazard	: 1 - Exposure could cause irritation but only minor residual injury even if no treatment is given.	
NFPA fire hazard	: 0 - Materials that will not burn.	
NFPA reactivity	: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.	•
