

Tri-Phite™

0-29*-26

Guaranteed Analysis

Total Phosphoric Acid (P₂O₅).....29.0%
 Soluble Potash (K₂O).....26.0%

Derived from: Phosphorous Acid and Potassium Hydroxide

**(1) Phosphorous acid products are for use as a supplemental fertilizer treatment. (2) Upon foliar application, the phosphite ions are taken up directly by the plant foliage and may undergo a degree of conversion to phosphate ions, or will be used directly by plants, as phosphate ions. (3) As a soil application to annual crops, a lesser response from the initial crop, with a corresponding superior response from succeeding crops, may be observed. In addition, placement close to seeds or root zones may be injurious to crops. The effect may be aggravated by a soil pH below 6.5.*

Each gallon Contains: 3.67 pounds of Total P₂O₅
 3.29 pounds of K₂O

Specific Gravity: 1.5143 g/mL

Density: 12.64 lbs/gal @ 68° F

pH Range: 6.0-6.5

CAUTION

KEEP OUT OF REACH OF CHILDREN

EPA National Response Center: (800) 424-8802

PRECAUTIONARY STATEMENT (GHS-US): Avoid breathing mist, spray, vapors. Wash face, hands thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear eye protection, face protection, protective gloves. **If on skin:** Wash with plenty of water. **If inhaled:** Remove person to fresh air and keep comfortable for breathing. **If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a doctor if you feel unwell. **If skin irritation occurs:** Get medical advice/attention. **If eye irritation persists:** Get medical advice/attention. Take off contaminated clothing and wash before reuse. Store in a well-ventilated place. Keep container tightly closed.

GENERAL INFORMATION

0-29*-26 is recommended for Soil and Foliar Application. This high analysis and water soluble liquid fertilizer is intended to be used as a supplemental fertilizer treatment to a well balanced fertilizer treatment program. This product may be applied using a variety of agricultural application equipment and techniques. It is not intended to be a substitute for sound soil fertilization and conventional cultural practices.

DIRECTIONS FOR USE

Directions for use are dependent on stage of crop growth, soil fertility level and environmental conditions. Like all acid materials, user should exercise precaution to avoid potential root and/or foliar burning.

Information regarding the contents and levels of metals in this product is available on the Internet at: <http://www.aapfco.org/metals.htm>

FOLIAR APPLICATIONS

Apply with sufficient water for thorough coverage. Placement close to seeds or roots may be injurious to crops. The effect may be aggravated by a soil pH below 6.5. Early morning or late evening applications generally give the best results. Do not exceed a product concentration of 2% V/V maximum.

RECOMENDED RATES

Trees: Apply 1 to 4 pints per acre per application. Apply first application pre-bloom and subsequent applications at 21-day intervals, or as needed to meet nutritional requirements.

Field and Vegetable Crops: Apply 1 to 4 pints per acre per application. Apply first application after transplanting, thinning, or at second true leaf stage, then subsequent applications at 10 to 14 day intervals or as needed to supplement nutritional requirements.

WARNING: This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

MIXING DIRECTIONS

0-29*-26 is compatible with many liquid fertilizers, pesticides, and water. Any addition to these products should not be done without first testing compatibility. Ensure adequate agitation in all situations.

Use in accordance with recommendations of qualified individual or institution such as, but not limited to, a certain crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan. When tank mixing other products, "Jar Test" proportionally mixed components to confirm compatibility.

STORAGE AND DISPOSAL: Store in a cool location out of reach of children and animals. Triple rinse empty containers, then offer for recycling or disposal in accordance with Local, State and Federal regulations.
