

Boron 2%

Guaranteed Analysis

Derived from: Disodium Octaborate Tetrahydrate.

Each gallon Contains: 0.178 pounds of B **Density:** 8.90 lbs/gal @ 68° F

Specific Gravity: 1.067 g/ml pH Range: 7.0-7.5

KEEP OUT OF REACH OF CHILDREN

HAZARD STATEMENT: Causes mild skin irritation. Causes eye irritation. May damage fertility or the unborn child. **PRECAUTIONARY STATEMENT (GHS-US):** Do not handle until all safety precautions have been read and understood. Avoid breathing mist, spray, vapors. Wash face, hands thoroughly after handling. Use only outdoors or in a well ventilated area. Wear eye protection, face protection, protective gloves.

If on skin: Wash with plenty of water. If inhaled: Remove person to fresh air and keep comfortable for breathing . If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a doctor if you feel unwell. If skin irritation occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/attention. Take off contaminated clothing and wash before reuse. Store in a well-ventilated place. Keep container tightly closed.

EPA National Response Center: (800) 424-8802

GENERAL INFORMATION

GreenFurrow Organics Boron 2% has been specifically formulated to help with boron deficiencies. This product is a completely water-soluble aqueous solution. GreenFurrow Organics Boron 2% may be applied alone, with pesticides, or with other fertilizers to the soil or foliage using ground sprayers, aircraft, and fertigation systems.

COMPATIBILITY

GreenFurrow Organics Boron 2% is compatible with most liquid fertilizers, insecticides, fungicides, herbicides, and nematicides. Use in accordance with recommendations of qualified individual or institution such as, but not limited to, a certain crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan. When tank mixing other products a "jar test" is recommended.

WARNING: This fertilizing material contains boron. The use of this fertilizing material on any crops other than those recommended may result in serious injury to crop(s).

DIRECTIONS FOR USE

FOLIAR APPLICATION: It is recommended that GreenFurrow Organics Boron 2% if applied to actively growing plants with young leaves be sprayed immediately following irrigation or rainfall for maximum foliar uptake. Thorough coverage and wetting is crucial to optimize foliar spray results.

A minium of 7-14 days is recommended in between applications. If plants are under moisture stress then application should be avoided. Do not apply to deciduous trees during bloom.

Dilute Sprays: In order to minimize phytotoxicity on sensitive foliage, applications at a rate higher than 2 quarts per acre should be split into two less concentrated applications.

Concentrate Sprays: Up to 1 quart in a minimum of 25 gallons per acre may be applied. Aerial Sprays: Use up to 1 quart per 5 gallons of spray. However, more dilute solutions will produce more coverage and results.

SOIL APPLICATION:

GreenFurrow Organics Boron 2% should be applied to field grown crops, row crops and vegetable crops at the lower rates while fruit, nut tree, and vine crops can be applied at the higher rates.

Soil fertility maintenance	1-3 quarts/acre
Mild deficiency	2-6 quarts/acre
Severe deficiency	1-3 gallons/acre

Fertigation: Split applications 1-2 weeks apart using the recommended amount of product early in the irrigation cycle to assure all nutrient is flushed from the system into the soil.

CONDITIONS OF SALE AND WARRANTY

Mar Vista Resources (Seller) warrants that the chemical composition of this product conforms to the chemical description given on this label. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. No one is authorized to make any other warranty, guarantee or directions concerning this product, and no such warranties, guarantees or directions shall be valid or binding upon Seller. Timing, rate and method of application, weather and crop conditions, mixtures with chemicals not specifically recommended on this label or an accompanying written recommendation, are beyond the control of Seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. In no case shall Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by Seller and is accepted as such by the buyer. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at buyer's option, as full discharge of Seller's liability.
