 Specific Gravity: 1.392 g/mL

General Information

 CROP NUTRITION  ENHANCED PRODUCT

Blue Terra Minors Blend has been formulated to help with micronutrient compatibility with Calcium and Phosphorous fertilizers in a readily usable form of nutrient. This product is a completely water-soluble aqueous solution. Blue Terra Minors Blend may be applied alone, with pesticides, or with other fertilizers to the soil or foliage using ground sprayers, aircraft or fertigation systems. It is a crop nutrition and enhanced product type from Mar Vista.

Warning

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Causes mild skin irritation. Causes eye Irritation PRECAUTIONARY STATEMENT (GHS-US): Avoid breathing mist, spray, vapors. Wash face, hands thoroughly after handling. Use only outdoors or in a well ventilated area. Wear eye protection, face protection, protective gloves. If on skin: Wash with plenty of water. If inhaled: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a doctor if you feel unwell. If skin irritation occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/attention. Take off contaminated clothing and wash before reuse. Store in a well-ventilated place. Keep container tightly closed.

WARNING: This product contains molybdenum (Mo). Crops high in molybdenum can be toxic to ruminant animals. Use only according to manufacturer's directions.

Directions for Use

 SOIL APPLICATION

Blue Terra Minors Blend should be applied to field grown crops, row crops, vegetable crops, fruit and nut tree, and vine crops should be applied at application rates of 0.5-2 gallons every 7-21 days.

 FOLIAR APPLICATION

It is recommended that Blue Terra Minors Blend be applied to actively growing plants for maximum foliar uptake. Thorough coverage and wetting is crucial to optimize foliar spray results. A minimum of 7-21 days is recommended in between applications.

Dilute Sprays: In order to minimize phytotoxicity on sensitive foliage, applications at a rate higher than 2 pints per acre should be split into two less concentrated applications.

Concentrate Sprays: Up to 1 pint in a minimum of 25 gallons per acre may be applied.

Aerial Sprays: Use up to 1 pint per 10 gallons of spray. However, more dilute solutions will produce more coverage and results.

 FERTIGATION APPLICATION

Split applications 1-2 weeks apart using 0.5-2 gallons per acre of product early in the irrigation cycle to assure all nutrient is flushed from the system into the soil.

TRANSPLANT APPLICATION

Application in transplant water may be made at rates of 1-2 gallons per acre followed up with the soil or fertigation applications 7-21 days later.

Compatibility

Blue Terra Minors Blend is compatible with most liquid fertilizers, insecticides, fungicides, herbicides, and nematicides. Blue Terra Minors Blend should not be applied with Copper Fungicides. Use in accordance with recommendations of qualified individual or institution such as, but not limited to, a certain crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan. When tank mixing other products a "jar test" is recommended.

Conditions of Sale and Warranty

Mar Vista Resources (Seller) warrants that the chemical composition of this product conforms to the chemical description given on this label. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. No one is authorized to make any other warranty, guarantee or directions concerning this product, and no such warranties, guarantees or directions shall be valid or binding upon Seller. Timing, rate and method of application, weather and crop conditions, mixtures with chemicals not specifically recommended on this label or an accompanying written recommendation, are beyond the control of Seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. In no case shall Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by Seller and is accepted as such by the buyer. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at buyer's option, as full discharge of Seller's liability.
